Scientific interests

- Seki game
- programming
- Optimal strategy

Education

2020-2024. **Bachelor in**

Computer Science

High School of Economics

Moscow – Russia

2020. **School Unified State**

Exam in mathematics

99/100 grade

Current situation

Sep. 2020 – Dec. 2021. **Study at bachelor's degree**

Experience

Jun. 2021 – Aug. 2021. **My university practise**

Seki game

During this summer practice, I worked with algorithms for the Seki game, such as matrix canonization, alpha-beta pruning and other small things.

by-product of activity: [Canonize matrix site](#)

Jun. 2019 – Sep. 2019. **My school project**

Generator of equations

I have made site that generate different types of school equations that I learned in grade 10.

[Link to generator](#) (doesn't load immediately)
